SUMMARY

Dear Hiring Team,

My name is Abdelrahman, and I am writing to express my sincere interest in joining the Technical Affairs team. Ever since I can remember, I have been deeply immersed in the world of PCs and programming. Growing up in a place where curiosity thrived, I found myself ignited by a passion for building and fixing computers—both hardware and software. What started as a hobby soon evolved into a way of life.

I am confident that my technical skills, dedication, and enthusiasm align perfectly with the goals and vision of your team. I look forward to the opportunity to contribute my expertise and collaborate with like-minded professionals. Thank you for considering my application. I am excited about the prospect of being part of the Technical Affairs team and contributing to its success.

EXPERIENCE

While my studies have been paramount, I have also been building simple websites, phone apps and fixing PCs as side hustle since a young age and working as a chef at a local restaurant. It has taught me the importance of teamwork, time management, and delivering quality results under pressure. However, my true calling lies within the realm of technology and programming

EDUCATION

IT Diploma

Uni

- I am currently pursuing a Diploma in Science in Information Technology, with only two semesters remaining until graduation. Despite being available 24/7 for work, I ensure that it does not interfere with my studies. Throughout my academic journey, I have enthusiastically delved into various programming languages, including C, C#, and Dart (Flutter). Additionally, I rely on AI tools like ChatGPT daily to simplify my life in every way. The joy of solving complex problems through coding has always fascinated me.
